### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Hinson, R.N. 47,652, on Dec. 3, 2004.

The application has been amended as follows:

3. (currently amended) The voice call processing system of claim 4 ~~2~~, wherein said network source is a text-to-speech (TTS) engine disposed in said voice server.

4. (currently amended) The voice call processing system of claim 4 ~~2~~, wherein said network source is a source of recorded audio disposed in said voice server.

2. The above changes provides antecedent basis to "said network source" in the respective claims.

3. The following is an examiner's statement of reasons for allowance: the prior art of record such as Taylor et al. (US 2002/0107594 A1) teach providing priority to audio component threads based on real-time schedule, but does not teach providing priority to audio data being streamed to a VoIP gateway.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Melvin Marcelo whose telephone number is 571-272-3125. The examiner can normally be reached on Mon-Fri 8:30-5:00.
